Manufacturing Group

since the day it started in production and sales: our company Exxon Wood has taken its remarkable place in a short time in the Iran market with its quality innovations, variety of products, investments and successful marketing strategy. Exxon Wood, who has been manufacturing its products using its extensive knowledge over many years, has presented its

products to our valuable customers via its dealers. The most important secret of our achievement is to co-operate with our customers. Our company has focused on customer happiness and most importantly their security and so its constantly updates its products in a consistent, innovative and personalised way. This attitude has both increased customer confidence in the company and brought quick development.

Today, what brought our company to this point is that our loyalty to our values and principle of honesty that we never sacrifice. Our goal is to carry on manufacturing while expanding with our workers and customers who have contributed to our success. We have the aim of exceeding customer expectation using our imaginative and brave enterprise and innovate, high quality and productive approach.
